

Student Internet Agreement PK to 2nd Grade

Parent/Guardian Section

As stated in the Student Internet AUP, PHCA promotes and integrates technology and the Internet system into its educational program. As we move forward into the 21st century, we will need your partnership to ensure the safety and well being of your child. Technology, the Internet and the computer can be a valuable tool if used properly and responsibly. Students in Preschool to 2nd grade are instructed in technology and have access to the Internet, however it will be limited to teacher directed and selected sites. We believe that instruction and responsible use of technology and the Internet should start at a young age. Our goal is to help your children develop the skills that will be needed as they advance into the upper grades at school and eventually into their future careers. Please review the following:

- I have read the attached Student Internet Acceptable Use Policy (AUP).
- I hereby release Techno Kids & Pearl Harbor Christian Academy, its personnel, and any institutions with which it is affiliated, from any and all claims and damages of any nature arising from my child's use of, or inability to use, the Internet system, including, but not limited to claims that may arise from the unauthorized use of the system to unauthorized purchases of products or services.
- I understand that PHCA will instruct my child at their age-appropriate level regarding guidelines and rules for Internet use
- I will take the time to reiterate the "School Use of Computers for Educational Purposes" and "Personal Safety" sections of the Student Internet AUP.
- I will also talk to my child about any additional personal rules I feel necessary that are above and beyond the rules set forth in the Student Internet AUP.
- I will emphasize to my child the importance of following the rules for personal safety.
- I understand that my child, _____, will be allowed to use the Internet according to the Student Internet Acceptable Use Policy.
